PATHAN FAIZAN

FULL STACK DEVELOPER (MERN AND NEXT.JS)

+91 9737667990 faizanpathan8104@gmail.com github.com/Pathan-Faizann

ABOUT ME

Full Stack Developer working across the MERN stack and Next.js, currently building production frontends for live client platforms at Parashift Technologies. Comfortable end-to-end from REST APIs and database design to polished, animation-driven interfaces.

SKILLS

Frontend: React.js, Next.js, JavaScript, Redux, Tailwind CSS, Bootstrap, GSAP, Framer Motion

Backend: Node.js, Express.js, MongoDB, PostgreSQL, Prisma

Tools: Git, GitHub, VS Code, Figma, Vercel, Render, Postman

WORK EXPERIENCE

Parashift Technologies | *Full Stack Developer* **Jogeshwari, Mumbai | May 2026 – Present**

Building complete production frontends from page structure to animations for multiple live client websites in the industrial sector using Next.js and Tailwind CSS. Implementing scroll-driven, GPU-optimized interactions with GSAP and Framer Motion. Additionally, developing and integrating robust backend REST APIs to ensure seamless data flow and scalable application architecture.

INAI Worlds Pvt Ltd | *MERN Stack Developer Intern* **Surat, Gujarat | Nov 2025 – Apr 2026**

Built responsive React.js and Tailwind CSS pages from Figma designs while integrating REST APIs on an MVC backend. Contributed to a live production project by adding GSAP and Framer Motion animations, ensuring a polished user interface, and collaborating efficiently using Git and GitHub version control.

PROJECTS

GetGrowth Rocket

Developed fully responsive website templates and integrated robust backend functionalities to deliver a seamless, scalable, and highly performant user experience for a digital marketing and growth agency.

Horizon Industrial Parks

Built the frontend for an enterprise-scale platform with modern layouts and seamless navigation, delivering polished, fully responsive interfaces across the entire site.

KSH Infra

Developed multiple responsive pages featuring smooth, Framer Motion-driven interactions to deliver a consistent, polished digital experience across the website.

EDUCATION

SASCMA BCA College, VNSGU | *Bachelor of Computer Applications (GPA: 6.72/10)* **2022 – 2025**

EasySkill Career Academy | *MERN Stack Development Course* **2025 – 2026**
